

# Myles Consulting Group

## CAPABILITY STATEMENT

### ABOUT MYLES CONSULTING GROUP

Myles Consulting Group, LLC is a Virginia-based contractor specializing in providing full lifecycle acquisition support across multiple sectors, with a strong emphasis on program management, telecommunications, engineering, logistics, financial management, and other advanced technology services. As an 8a, Service-Disabled Veteran-Owned Small Business and HUBZone certified firm, Myles Consulting Group is dedicated to delivering innovative, high-quality solutions to both commercial and government clients. With extensive experience in acquisition management, the company ensures seamless integration of strategy, execution, and operational excellence throughout the entire program lifecycle. We pride ourselves on industry-leading certifications, including a CMMI Level 3 rating and ISO certifications 9001, 20000-1, and 27001, which reflect its commitment to process improvement, quality management, and security. As a trusted partner in telecommunications engineering and IT solutions, our firm is committed to helping clients meet their strategic goals efficiently and cost-effectively, backed by a leadership team with decades of military and federal government expertise.

## PAST PERFORMANCE

MCG excels in surpassing customer expectations with superior service and innovative solutions across acquisition, procurement, logistics, and IT for various federal agencies and departments. We pride ourselves on our significant contributions to upgrading healthcare facilities for the **MedStar Health** and **Technology Services Corporation**, alongside impactful projects for the **Department of Defense, Army, and Special Operations Command (SOCOM)**. Our work demonstrates our adaptability and excellence in diverse operational environments. Our leadership team, with rich backgrounds in the **Defense Contracting Management Agency, Washington Headquarters Services,** and the **Army Materiel Command LOGCAP** program, brings unparalleled expertise. This allows us to deeply understand and meet our clients' unique needs with tailored, effective solutions. MCG's commitment to excellence and our ability to deliver comprehensive services make us a trusted leader in addressing the complex demands of our clients in critical sectors. MCG's unwavering commitment to excellence and our comprehensive service offerings establish us as a trusted partner in meeting the complex needs of our clients across essential sectors.

*"Your mission is our mission, and together, we can achieve great things."*
